Sir,

Re Raising the stock reserve limit from P 15,000 to P 50,000/

In inviting kind reference to this office No A5 C-39/44-45 dated 7th September 1944 on the above subject, I have the honour to state that in recent months the value of stock on hand has increased to about P 35,000/- In my previous reference dated 7th September 1944, sanction of Government had been applied for, for raising the limit of stock reserve to Rs 30,000/- only The reason for this excess stock is due to increased quantities of underground drainage materials purchased and kept in stores for prompt issue to works as and when required since they cannot be obtained in smaller quantities within short notices on account of transport facilities etc

The sanction of Government for the proposed increase in the stock reserve limit to P 30,000/- has not been received so far In the meanwhile large quantity of cement is being obtained from Bhadravati for several building works As the value of stock will be further increased on this account, it is requested that sanction of Government may be obtained for raising the stock reserve limit to P 50,000/- Copy of the Board's Resolution No 355 dated 27th February 1946 is herewith enclosed for kind information

To have a proper watch over the large quantities of stores, day and night, it is absolutely necessary to employ 4 watchmen on P 10/- + D A 8/- each, and this staff has actually been kept on pending sanction A Maistry is also required for supervision over these watchmen and to keep petty accounts receipts and issues Hence one Temporary Maistry on P 25 + D A 8/- may kindly be sanctioned for this purpose It also seems desirable to absorb this establishment to the regular permanent establishment alone

The favour of very early sanction to (1) raising the stock reserve limit to P 50,000/- and (2) to the employment of 4 watchmen and one Maistry for watching stores and absorbing them to regular establishment is - - -

Letter No/39/44-45 dated 7/11th September 1944 from the Chairman City Improvement Trust Board, Mysore, to the Secretary to Government, Law Department, Bangalore.

I have the honour to state that the reserve stock limit of the Trust Board was reduced from Rs.25,000/- to Rs 15,000/- vide Government Order No L 4225-6/M1 14-36-1 dated 10th December 1936 and this limit was found adequate till now The Trust Board has at present a number of underground drainage works on hand and the cost of stoneware pipes, manhole frames etc , has gone up by 200 to 300 per cent and due to transport difficulties the materials cannot be obtained whenever required and orders have to be placed with the firms well in advance It is therefore found that the reserve stock limit of Rs 15,000/- to be quite insufficient The subject was therefore placed before the Board at the Meeting held on 26th July 1944 and it was resolved that the reserve stock limit may be raised to Rs 30,000/- temporarily The number of store watchmen at present is three and in view of the increase in the reserve stock limit up to Rs 30,000/- it is proposed to increase the number of watchmen to four so that proper watch may be kept over the materials both during day and night A copy of the Resolution passed by the Board together with a copy of the Note placed before the Board is herewith enclosed

I request that needful sanction of Government may kindly be obtained for the above increase in the reserve stock limit as well as the number of watchmen
